NOTICE OF PROPOSED RULEMAKING

Adopted: August 25, 2004

Released: August 27, 2004

Comment Date: October 18, 2004

Reply Comment Date: November 2, 2004

By the Assistant Chief, Audio Division:

Coordinates: 29-21-09 NL and 90-45-36 WL

Additional Information: The allotment requires a site restriction of 6.0 kilometers (3.7 miles) southwest of Dulac. Originally, petitioner requested that we allot Channel 230A at Dulac, which would have required the reclassification of Station WQUE-FM, New Orleans, Louisiana, from Channel 227C to Channel 227C0. The reclassification procedure for Station WQUE-FM would have to be completed before issuing a Notice of Proposed Rule Making. The staff found an equivalent Class A FM channel for Dulac, Channel 242A, which does not require reclassifying any Class C FM station. Channel 242A would provide the first local aural transmission service for Dulac. We remind petitioners to certify that there are no alternate FM channels available in situations where they ask for an allotment that would require an existing station to be reclassified from Class C to Class CO.

Petitioner states that Dulac is an incorporated community that is home to business, governmental, and civic organizations identifying themselves with Dulac. The 2000 U.S. Census lists Dulac as a Census Designated Place ("CDP") located in Terrebonne Parish, Louisiana, with a population of 2,458 persons. Although the designation of an area as a CDP raises the presumption that an area is a "community" for allotment purposes, that presumption is rebuttable.² Petitioner must explain whether the "Dulac" to which it refers is the "Dulac" listed as a CDP in the 2000 U.S. Census. Petitioner must also submit information demonstrating that Dulac is a "community" for allotment purposes. Community status may be proven by the testimony of local residents or by objective or subjective evidence indicating the existence of a community. Some examples of objective indications of community status include the existence of local government as well as social, economic, commercial, cultural, public service, or religious organizations that serve the community.³

C. MB Docket No. 04-330; RM-11051

Petitioner: Charles Crawford
4553 Bordeaux Avenue
Dallas, Texas 75205

Proposal: Allot Channel 264A at Palacios, Texas as that community's second local aural transmission service.

<u>Community</u>	<u>Present</u>	<u>Proposed</u>
Palacios, Texas	259A	259A, 264A

Coordinates: 28-36-26 NL and 96-10-00 WL

Additional Information: This allotment requires a site restriction of 12.2 kilometers (7.6 miles) southeast of Palacios. Since Palacios is located within 320 kilometers (199 miles) of the U.S.-Mexican border, we have requested concurrence from the Mexican government for this proposed allotment.

³ See *Hayfield, VA*, 12 FCC Rcd 16373 (M.M. Bur. 1997) and *Kenansville, Florida*, 5 FCC Rcd 2663 (M.M. Bur. 1990), *aff'd*, 10 FCC Rcd 9831(1995).

F. MB Docket No. 04-333; RM-11055

Petitioner: Linda A. Davidson
2134 Oak Street, Unit C
Santa Monica, California 90405

Proposal: Allot Channel 287C at Fallon Station, Nevada, as that community's first local aural transmission service.

<u>Community</u>	<u>Present</u>	<u>Proposed</u>
Fallon Station, Nevada	-----	287C

Coordinates: 39-36-00 NL and 118-43-12 WL

Additional Information: This allotment requires a site restriction of 20.1 kilometers (12.5 miles) north of Fallon Station.

Fallon Station is listed in the 2000 U.S. Census as a Census Designated Place ("CDP") located in Churchill County, Nevada, with a population of 1,265 persons. Although the designation of an area as a CDP raises the presumption that an area is a "community" for allotment purposes, that presumption is rebuttable.⁵ Petitioner must submit additional information demonstrating that Fallon Station is a "community" for allotment purposes. Community status may be proven by the testimony of local residents or by objective or subjective evidence indicating the existence of a community. Some examples of objective indications of community status include the existence of local government as well as social, economic, commercial, cultural, public service, or religious organizations that serve the community.⁶

Each proposal warrants consideration because it complies with our technical requirements and would serve the public interest.

2. This is a multiple docket *Notice of Proposed Rule Making* issued in response to a Commission *Public Notice* released October 2, 1998 (DA 98-1987). We are combining separate FM allotment proposals into a single *Notice of Proposed Rule Making*. Each proposal has its own docket and rule making number and the Commission's Reference Information Center will maintain a separate file for each docket. As discussed in the *Public Notice*, this procedure will conserve Commission resources and expedite the processing of FM allotment petitions for rule making by avoiding duplicative actions.
